Re: *Correction to Section 63.71 Application of Qwest Interprise America, Inc. and Qwest Communications Corporation for Discontinuance of Service to Customers of Bundled DSL Internet Access*, WC Docket No. 03-106

Dear Ms. Dortch:

On September 25, 2003, Qwest Interprise America, Inc. ("QIA") and Qwest Communications Corporation ("QCC") (jointly "Qwest") filed an application with the Federal Communications Commission ("Commission") for authority to discontinue the provision of bundled digital subscriber line ("DSL") internet access service to 5,731<sup>1</sup> customers, in accordance with 47 C.F.R. § 63.71. Before filing the instant application, on September 23 and continuing on September 24, 2003, Qwest sent all affected customers a letter notifying them of the proposed discontinuance. A sample copy of the discontinuance notice letter is attached as Exhibit A to the application.

A total of 5,181 affected QIA customers who remain on Qwest's network were notified of the proposed discontinuance. These QIA customers are located in California, Delaware, District of Columbia, Illinois, Indiana, Kansas, Maryland, Massachusetts, Michigan, Missouri, New Jersey, New York, Ohio Pennsylvania, Texas and Virginia. A total of 550<sup>2</sup> affected QCC resale customers, who were also notified of the proposed discontinuance, are located in Alabama, Arizona, California, Colorado, Connecticut, Florida, Georgia, Illinois, Louisiana, Massachusetts,

---

<sup>1</sup> The September 25, 2003 Section 63.71 Application mistakenly indicated that the total number of affected customers was approximately 5,100 (Application at 4).

<sup>2</sup> QCC had a total number of 1,332 resale subscribers that were acquired by Covad Communications Company and DIECA Communications, Inc. in the asset sale that was the subject of the 214 Transfer of Control Application filed jointly by Qwest and Covad. *See Joint Application for Domestic Transfer of Control*, WC Docket No. 03-106, filed Apr. 16, 2003. *And see, Public Notice, Notice of Streamlined Domestic 214 Application Granted*, DA 03-1875, rel. May 30, 2003. The 214 Application incorrectly stated that QCC had a total of 330 resale customers. The 330 customers were only those customers located in Qwest's In-Region territory (Arizona, Colorado, Minnesota, New Mexico, Oregon, Utah and Washington).

Letter to Ms. Marlene H. Dortch

Michigan, Minnesota, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, Oregon, Pennsylvania, Utah, Virginia, Washington and Wisconsin.

In addition to the September notice (Exhibit A of the September 25, 2003 Section 63.71 Application), all affected customers were previously provided notice in June and August 2003. By letter dated June 12, 2003, Qwest and Covad jointly notified all 21,880 QIA DSL internet access customers and all 1,332 QCC resale customers of DSL internet access service about the transaction between QIA, QCC, Covad and DIECA, and advised them that they would be transitioned to Covad's network unless they made arrangements with an alternate provider of DSL internet access service within 30 days. By letter dated August 15, 2003, Qwest notified all 9,060 QIA customers remaining on Qwest's network and all 700 remaining QCC resale customers that they needed to make arrangements with Covad or another provider by September 18, 2003.

Please contact undersigned counsel at (303) 672-1774, or John Morabito at (202) 429-3110, if you have any questions regarding the clarifications made in this letter or any other matter in connection with Qwest's discontinuance application.

Sincerely,

Aimee Jimenez
